DETAILED ACTION

Claim Objections

1. Claim 50. The dependency should be changed to "49". As claim 43 is an apparatus rather than a system claim. In addition, it is noted that claim 44 includes substantially the same limitations as claim 50.

Appropriate correction is required.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 35, 41 and 47 are rejected under 35 U.S.C. 102(b) as being anticipated by

Akazawa US Patent No. 5,111,479.

Akazawa discloses a method and apparatus a method and apparatus fig. 1 having the steps of providing a signal including a carrier component and a data component see abstract; performing an acquisition of the signal see fig. 1 the acquisition including the substep of data wipeoff involving a squaring the signal using the squarer 2; the step of data wipe-off is followed by a sub step of filtering (coherent processing) (as noted in the applicant's comment page 27,

Art Unit: 2631

lines 8-11, coherent processing is a filter Akazawa discloses a filter 3 coupled to the squarer, therefore, filter element 3 corresponds to the claimed coherent processing) the data wipe signal using filter element 3; the signal is inherently acquired to a finer resolution than would be without performing data wipeoff of the data component.

Allowable Subject Matter

4. Claims 1-34 are allowed over the prior art of record.
5. Claims 36-40, 42-46 and 48-52 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

6. Applicant's arguments with respect to claims 35, 41 and 47 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 2631

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

8. **Any response to this final action should be mailed to:**
